

Product Specifications

Bracket for Small Evolution Case

- Allows the kits to be stored safely and securely with an easy release mechanism
- Bracket allows the kit to be opened and used as workbench against a wall
- To be used with evolution cases
- Available for small, medium and large cases

The brackets increase the visibility of the first aid kit. Also help to store the first aid safely in an easy to access location. The brackets are suitable for use with the evolution cases and while on the bracket the cases can be opened and used as a workbench. Medium brackets fit small kits. Please note: If you are purchasing a bracket for a small British Standard Compliant First Aid Kit in an Evolution case then you will require a medium bracket.
